

From October 21 to November 5, 2021, Data for Progress conducted a survey of 2,976 voters nationally using web panel respondents. The sample was weighted to be representative of voters by age, gender, education, race, and voting history. The voter segment variables were created using a combination of voter file vote history data and self-reported responses on voting in 2020 and 2018. "High potential voters" indicates voting in both 2020 and 2018.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=2,976 unless otherwise specified.

[1] How important or unimportant are the following issues facing the U.S. today?

— Coronavirus pandemic recovery

[28] When thinking about the coronavirus pandemic, which of the following comes closer to your view, even if neither is exactly right? (N=941)

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	Under 45	45+	No College	College	Black or African American	White	Latino/a	High Potential Voter	Non Voter 2020
Democrats are once again taking action to help people get jobs, getting our country back on its feet, while Republicans have only hurt our efforts to end the pandemic, opposing masks and life-saving vaccines. Democrats are getting Americans vaccinated and getting people back to school and work safely, so that we can recover and rebuild as quickly as possible.	50	87	43	12	48	51	54	47	47	55	78	45	59	50	48
Republicans are protecting our freedom of choice against unnecessary government interference and unlawful, forced vaccine mandates. Everyday Americans have the right to choose what they think is best for themselves against the coronavirus, and hardworking companies should be able to conduct their businesses as they see best.	42	7	42	84	42	42	33	47	44	38	13	46	39	46	26

[29] When thinking about the coronavirus pandemic, which of the following comes closer to your view, even if neither is exactly right? (N=1,009)

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	Under 45	45+	No College	College	Black or African American	White	Latino/a	High Potential Voter	Non Voter 2020
Democrats are taking the action needed to save and protect lives, while Republicans are making the pandemic worse. Right now, our hospitals are severely understaffed as doctors and nurses struggle to fight coronavirus, and people suffering from other illnesses like cancer can't receive the care they need because rooms are overcrowded with people dying of the virus.	51	86	44	16	53	48	56	48	47	57	71	46	58	54	47
Republicans are protecting our freedom of choice against unnecessary government inference and unlawful, forced vaccine mandates. [33] In the past year, Republican state lawmakers have passed legislation that places restrictions on abortions. This includes making abortions illegal at six weeks or only permitting an abortion if the pregnant person's health is at serious risk, with no exceptions for cases of rape or incest.

When thinking about these policies, which of the following comes closer to your view, even if neither is exactly correct?

(N=1,460)

Republicans are showing they have no respect for the rights of women. These over-reaches of power are undoing all the rights that women have gained over their bodies and do nothing but harm women and their families.	48	74	47	18	53	43	53	46	47	51	58	56	45	60	47	48	44
Republicans are only doing what is best to defend the rights of unborn children, who are harmed by abortion. We need these laws in place to give every child a chance at life.	39	16	34	74	35	45	31	44	39	40	29	22	45	28	50	43	29

These laws ignore the realities that any woman could face, like not being able to support the children they already have, or being too sick to go through a pregnancy. Everyone should have the freedom to choose if and when they start a family.	52	77	48	28	56	48	58	49	49	57	65	72	49	51	53	48
Republicans are only doing what is best to defend the rights of unborn children, who are harmed by abortion. We need these laws in place to give every child a chance at life.	35	12	34	63	30	41	27	40	36	35	27	15	39	34	38	21

[35] During the pandemic Congress passed legislation to support families and workers, such as providing stimulus checks to most Americans and emergency relief for small businesses.

When thinking about these policies, which of the following comes closer to your view, even if neither is exactly correct?

(N=1,518)

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	Under 45	45+	No College	College	Asian	Black or African American	White	Latino/a	First Time 2020 Voter	High Potential Voter	Non Voter 2020
While the wealthy made more money during the pandemic, most Americans struggled with job losses, closed businesses, and health care costs. The government provided pandemic relief so we could start rebuilding as a stronger country.	53	70	53	30	57	47	57	50	55	49	61	61	49	63	49	52	50
These policies have gone far enough. The government should help its citizens through tough times, but it also needs to be careful to not overspend or overreach.	39	23	36	64	34	45	30	45	36	45	28	24	44	32	41	44	30

The government's pandemic relief has helped create millions of jobs in the last five months, while providing critical support to the most vulnerable, including children. We can create a government that works for Americans and build a stronger, more resilient nation of tomorrow.	45	69	39	25	48	42	50	42	44	46	62	54	42	49	44	45
