

DATA FOR **PROGRESS**

From June 4 to 6, 2021, Data for Progress conducted a survey of 1,202 likely voters nationally using web panel respondents. The sample was weighted to be representative of American adults by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ± 3 percentage points.

N=1202 unless otherwise specified. Some values may not add up to 100 due to rounding.
