

# DATA FOR **PROGRESS**

From January 12 to 15, 2022, Data for Progress conducted a survey of 1,266 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is  $\pm 3$  percentage points.

N=1,266 unless otherwise specified. Some values may not add up to 100 due to rounding.

<b>[1]</b> Do you think that the Internal Revenue Service (I.R.S.) should be doing more or less to make sure that wealthy Americans are paying their fair share in taxes?	Doing less . . . . .	2%	9%	11%
	Doing the same . . . . .	13	22	39
	Doing more . . . . .	85	70	49
		D	I	R
<b>[2]</b> Between 2010 and 2018, the I.R.S.'s tax audit rate, the rate at which the I.R.S. reviews tax filings for fraud or inaccuracies, decreased by 51% for the country's largest corporations and decreased by 61% for millionaires.  When thinking about this, which of the following comes closest to your view, even if none are exactly right?	The I.R.S. is conducting roughly the correct number of audits of the taxes of millionaires and large corporations . . . . .	6%	13%	19%
	The I.R.S. should conduct fewer tax audits of large corporations and millionaires . . . . .	4	4	13
	The I.R.S. should conduct more tax audits of large corporations and millionaires . . . . .	85	72	60
	Don't know . . . . .	4	10	8
