

# DATA FOR **PROGRESS**

From April 20 to 24, 2022, Data for Progress conducted a survey of 1,262 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is  $\pm 3$  percentage points.

N=1,262 unless otherwise specified. Some values may not add up to 100 due to rounding.

<b>[1]</b> How much have you read or heard about a proposal by some Republicans to end a number of federal programs five years from now- including Medicare, Medicaid, and Social Security – if Congress doesn't vote to reauthorize them?	A lot . . . . .	15%	5%	5%
	Some . . . . .	38	30	26
	Nothing at all . . . . .	47	65	70

		D	I	R
<b>[2]</b> Some Republicans recently proposed ending Social Security benefits five years from now if Congress doesn't vote to reauthorize them.	More likely to vote for a Democrat . . . . .	96%	58%	18%
	More likely to vote for a Republican . . . . .	3	21	66
	Don't know . . . . .	1	22	16

Meanwhile, some Democrats in Congress are proposing increasing Social Security benefits.

Knowing what you know now, are you more likely to vote for a Democrat or more likely to vote for a Republican?
