

# DATA FOR PROGRESS

From February 8 to 9, 2025, Data for Progress conducted a survey of 1,201 U.S. likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and recalled presidential vote. The survey was conducted in English. The margin of error associated with the sample size is  $\pm 3$  percentage points. Results for subgroups of the sample are subject to increased margins of error. Partisanship reflected in tabulations is based on self-identified party affiliation, not partisan registration. For more information please visit [dataforprogress.org/our-methodology](https://dataforprogress.org/our-methodology).

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,201 unless otherwise specified.

[1] Do you have a favorable or unfavorable opinion of the following people or institutions?

## — Elon Musk

**[6]** The United States Agency for International Development (USAID) provides foreign aid to other countries, including food and medications.

Recently, the Trump administration ordered a near-total freeze on funding for USAID and placed most USAID employees stationed around the world on leave — requiring them to return home to the U.S. within 30 days.

Do you support or oppose this move from the Trump administration?
